What do we do?

We are involved in wholesaling activities that include marketing and distribution of local and imported products with emphasis on products of high demand and poor availability. The products include surgical sundries, medical consumables, protective clothing, diagnostics and veterinary, traffic enforcement equipment and health and safety products. We assist and advise our clients on a continuous basis on new technology to enhance their business operations.

Competitive edge

HealthPharm is here to offer an efficient supply chain management services with a competitive and unbeatable pricing structure. We have adopted a customer orientated approach, we believe in maintaining full customer satisfaction at the products and services offered.

We maintain regular and systematic delivery of orders to our valuable customers. We meet and interact with customers on a regular basis. We also track product demand through research and careful observation of sales. We strive to maintain a high degree of professionalism in all our interactions with all our stakeholders.

What sets us apart is our focus on providing service beyond our client's expectations backed by the professional approach from our friendly and accommodating staff and the prompt attention to your enquiries and queries.
